BRUNELLO DI MONTALCINO “THE KING”

Brunello is Tuscany’s most revered wine. With the complex aromas and flavors of blackberry, black cherry and black raspberry accompanied by hints of chocolate, violet and leather, Brunello is a wine that requires a longer aging than most Italian wines. With proper aging, Brunello takes on a stunning elegance and suppleness that makes it a great wine to drink with a hearty meal.

ROSSO DI MONTALCINO “BABY BRUNELLO”

Sometimes thought of as Brunello di Montalcino’s younger sibling, Rosso di Montalcino is a lighter, fruitier, less complex wine. Usually made from grapes from younger vineyards in Montalcino. Rosso’s can most often require less aging and become more palatable in less time.

OREGON PINOT NOIR

The cool climate of Oregon keeps the grape from ripening too quickly, resulting in the wines that have higher acidity and a balance of alcohol content. Often bursting with red fruits like cranberries and cherries, Oregon Pinot Noirs also show the earthy spiced characteristics the grape is known for.

CALIFORNIA CABERNET SAUVIGNON

California Cabernet is often quite rich, dense and tannic. Very ripe berry fruits and currants predominate in younger wines, slowly aging to complex bouquet of earth and spice over time.

NAPA VALLEY PREMIER WINES

Napa Valley, California produces more fine wine than any other state in the USA. It is home to hundreds of vineyards and is among the most famous and prestigious wine regions around the world. It is America's star in wine production. I have been visiting Napa since 1987 and in my humble opinion; these are some of my favorite wines.

I hope you will appreciate and enjoy them as well. Salute! *G.I.*
